**1+4) Two sections for optimum use:**

Upper section is the flush tank and lower section is the waste holding tank.

**2+3) Easy to fill:**

Filling both the flush and waste tank is simple.

**5) Integrated spout and vent plunger:**

Emptying couldn't be simpler with the pouring spout. Pressing the vent plunger prevents any unpleasant splashing when emptying the tank.

**6) Waste level indicator:**

Only available on the SA1884 335 portapotti. Warning you in good time when to empty.
