MediaWorks TV has launched its TV3 Plus 1 channel on FREEVIEW. The format showcases TV3's entire schedule on a one-hour delayed basis. Hows that? If you keep missing the news headlines you can catch it at 7pm! This channel gives viewers an option as to when they do their television viewing. It will give audiences an extra opportunity to view some of the most popular shows on the network such as Campbell Live, *New Zealand's Next Top Model* and *Underbelly: The Mr Asia Story*.

Plus 1 channels launched in the international markets have proved to be very successful, achieving very strong ratings results, particularly in the United Kingdom.

Updating Strong Decoder SRT3654

How to Tune TV3 Plus 1 into your Strong Decoder

YOU MUST HAVE THE DISH TUNED INTO THE SATELLITE **BEFORE**
YOU START THE PROCESS BELOW!!!!

- 1) On Remote Press MENU -> Installation -> Automatic Search
- 2) Select Satellite **OPTUS D1** by pressing OK and a tick should appear
- 3) Then press the **BLUE** button on the remote control -> On Remote OK to start the scan - *The system will now be scanning the satellite – Wait until complete*
- 4) On Remote Press EXIT. *Saving Changes*
TV3 Plus 1 with now be added to the end of the list of channels

How to Move Channels to Put TV3 Plus 1 into a Desired Channel Position

- 1) On Remote Press MENU -> Channel Manager -> Edit Channels
- 2) On Remote Press RIGHT ARROW TWICE moving the RED SQUARE to the MOVE box. To identify that you are in the correct place – MOVE will be displayed in the SOLID RED BOX underneath the list of channels.
- 3) To move a channel e.g TV3 Plus 1, use the arrows on the remote control to cycle through the channel list highlighting the channel you want to move.
- 4) On Remote Press OK -> Then AUDIO (RED BUTTON). You now have grabbed the channel and can move it into the position that you like.
- 5) To Drop the Channel, on Remote Press OK.
- 6) On Remote Press EXIT -> *Saving Changes*

***You have successfully added TV3 Plus 1
and moved it to your desired Channel Number***
