## **EXTREME SERIES**

### **FRESH WATER PUMPS**

**“GIVING YOU JUST LIKE HOME FLOW AND PRESSURE”**

The Extreme 4000 is designed specifically for mid size vessels. Delivering 15 litres per minute and pressure up to 50 PSI, this micro-controller based variable speed pump precisely monitors your system’s water pressure and adjusts the motor speed, eliminating the need for a pressure switch. SHURflo engineered the Extreme Series with a superior four-chamber design that incorporates large inlet and outlet passages to maximize water flow and efficiency, providing a “Just Like Home” shower and quiet operation. Corrosion resistant coated seamless shell motor and a protected electronic package make the Extreme 4000 capable of handling the harsh marine environment. Thermally Protected. Ignition Protected.
