EXTREME SERIES

FRESH WATER PUMPS

“GIVING YOU JUST LIKE HOME FLOW AND PRESSURE”

The Extreme 4000 is designed specifically for mid size vessels. Delivering 15 litres per minute and pressure up to 50 PSI, this micro-controller based variable speed pump precisely monitors your system’s water pressure and adjusts the motor speed, eliminating the need for a pressure switch. SHURflo engineered the Extreme Series with a superior four-chamber design that incorporates large inlet and outlet passages to maximize water flow and efficiency, providing a “Just Like Home” shower and quiet operation. Corrosion resistant coated seamless shell motor and a protected electronic package make the Extreme 4000 capable of handling the harsh marine environment. Thermally Protected. Ignition Protected.

4000 SERIES

Designed for mid size boats and yachts. 4 Chamber Pump.
3 Year Warranty.

MODEL	VOLTAGE	L/MIN	PRESSURE	DESCRIPTION
SA14203	12V	15	50 PSI	EXTREME 4000

The Extreme 5000 is a micro processor control based variable pump that delivers over 21 litres per minute and pressure up to 60 PSI. SHURflos Extreme 5000 precisely monitors your systems water pressure and adjusts the motor speed, thus eliminating the need for a pressure switch. Corrosion resistant coated seamless motor shell and protected electronic package make the Extreme 5000 capable of handling the harsh marine environment. Thermally Protected. Ignition protected.

5000 SERIES

Designed for Larger boats and yachts. 5 Chamber Pump.
3 Year Warranty.
